INTERNATIONAL JOURNAL OF HEALTH AND MEDICINE

VOLUME 1 NO. JANUARY 1, 2024

FOCUS AND SCOPE OF THE JOURNAL

International Journal of Health and Medicine. This journal is published by the Indonesian Health Sciences Research Association. This journal accepts manuscripts based on empirical research, both quantitative and qualitative. Priority is given to quantitative research accepted that is multivariate in nature. Meanwhile, this journal also accepts meta-analysis manuscripts or systematic reviews that have advantages in terms of novelty or unique variables. The journal accepts manuscripts in the fields of Health Sciences, Medicine, including basic research in general health sciences, psychology, pharmaceutical sciences, nursing and midwifery. If other themes from different scientific disciplines are deemed to meet the criteria, they will be considered for follow-up in the submission process. This journal is published 4 times a year (January, April, July and October)

Articles published in the International Journal of Health and Medicine include original scientific research results (top priority), new scientific review articles (not priority), or comments or criticism of existing papers. The International Journal of Health and Medicine accepts manuscripts or articles in the fields of Health Sciences, Medicine, including basic research in general health sciences, psychology, pharmaceutical sciences, nursing and midwifery, community empowerment or implementation of community service published in the International Journal of Health and Medicine, from various academics and researchers both nationally and internationally.

The articles published in the journal are articles that have gone through a review process by Mitra Bebestari (peer-reviewers). Publication of the International Journal of Health and Medicine published by the Indonesian Health Sciences Research Association only accepts articles originating from original research results (top priority), and scientific review articles that are new (not priority). The decision whether or not to accept a scientific article in this journal is the right of the Editorial Board based on recommendations from Mitra Bebestari.

INTERNATIONAL JOURNAL OF HEALTH AND MEDICINE

VOLUME 1 NO. JANUARY 1, 2024

FOKUS DAN RUANG LINGKUP JURNAL

International Journal of Health and Medicine. This journal is published by the Indonesian Health Sciences Research Association. This journal accepts manuscripts based on empirical research, both quantitative and qualitative. Priority is given to quantitative research accepted that is multivariate in nature. Meanwhile, this journal also accepts meta-analysis manuscripts or systematic reviews that have advantages in terms of novelty or unique variables. The journal accepts manuscripts in the fields of Health Sciences, Medicine, including basic research in general health sciences, psychology, pharmaceutical sciences, nursing and midwifery. If other themes from different scientific disciplines are deemed to meet the criteria, they will be considered for follow-up in the submission process. This journal is published 4 times a year (**January, April, July and October**)

The International Journal of Health and Medicine Publishes The Only Paper That Strictly Follows Guidelines And Templates For Manuscript Preparation. All submitted manuscripts will go through a double-blind peer review process. The paper is read by members of the editorial team (according to the area of specialization) and will be screened by the managing editor to meet the criteria required for publication. Manuscripts will be sent to two reviewers based on their historical experience in reviewing manuscripts or based on their areas of specialization. The International Journal of Health and Medicine Has Reviewed the Form to Keep the Same Items Reviewed by Two Reviewers. Then the Editorial Board Makes a Decision Based on the Reviewers' Comments or Suggestions.

Reviewers provide assessments of originality, clarity of presentation, contribution to the field/science. This journal publishes research articles, review articles/literature studies, case reports and concept or policy articles in all fields of health sciences, medicine, including basic research in general health sciences, psychology, pharmaceutical sciences, nursing and midwifery. The articles that will be published are original works and have never been published. Incoming articles will be reviewed by a team of internal and external reviewers.

The Editorial Board will continue to strive to improve the quality of the journal so that it can become an important reference in the development of science. Deepest appreciation and thanks to Mitra Bestari, members of the editorial board and all parties involved in publishing this journal.

Regards,

Chief Editor
